

Songtext

## Believe me

### Verse

Every day and every night  
we see the struggle and we fight  
we do this for a greater „we“  
and for a world we yet can't see

### PreChorus

Trust me, that this will turn out right  
Believe me, we'll always fight the good fight

### Chorus

Believe me, we'll always fight the good fight  
Come near, there is no need to hide

### Verse

Lay hold on life and it shall be  
Your joy and crown eternally

### PreChorus

Trust me, when it darkens without night  
Take a step, and let us be your guide

### Chorus

Believe me, we'll always fight the good fight  
Come near, there is no need to hide  
Believe me, we'll always fight the good fight  
Don't fear, there is no reason why

### PreChorus

Fall down, maybe just to test  
rise up, always give your best

### Chorus

Believe me, we'll always fight the good fight  
Come near, there is no need to hide  
Believe me, we'll always fight the good fight  
take part and see the world outside
